What are the borrowing rules?

- You can borrow up to 10 titles for up to 21 days (default is 14 days).

- You can change your lending period for titles. When logged in, select the 'Settings' link.

- You can return some titles before they expire. If you haven't downloaded an item yet, you can return it from your 'Bookshelf'. If you have downloaded an item you will need to return it from your computer or device.

- You can renew some titles near the due date. On the 'Bookshelf' option, check for the 'Renew' option underneath the book you wish to renew.

- You can place up to 5 items on hold at a time. You'll receive an email when a title becomes available. You'll then have 3 days to borrow the title unless you have chosen to borrow the item automatically.

Titles will automatically expire at the end of the lending period. There are no late fees!
