OUR NATURAL SURROUNDINGS

Natural Attractions, Sites & Activities

Eastern & Western Foreshore abutting the beautiful serene estuary and waterways in the town centre.

Thrombolites are located on the edge of Lake Clifton approximately 30km south of Mandurah. These amazing natural features dominated the world's oceans more than 600 million year ago. Walk along a constructed boardwalk to view.

Dawesville Channel/Cut is one of the largest marine environment projects ever undertaken in WA located 13km south of Mandurah. Opened in 1994.

Port Bouvard Marina located in Rees Place, Wannanup. Working marina. Café Coast

Mandurah Ocean Marina - Dolphin Quay the City's latest project to develop an upmarket fully equipped marina.

Halls Cottage, located in Halls Head, was a historical homestead to one of the original settlers in the 1930's.

Cooper's Mill at the western end of Culleenup Island and is only accessible by boat on the Murray River.

James Service Anchor is a relic from a tragic wreck off the coast in 1878. Located in the churchyard where many of the passengers are buried.

Lane Poole Reserve – Dwellingup has many walking and cycling tracks, swimming and picnic areas with full facilities.

Waroona Dam is ideal for all sorts of fun and activities such as water skiing.

Peel Estuary - enjoy the splendours of the estuary and catch crabs, prawns or fish.

Ocean enjoy our oceans and go surfing, skiing, fishing or just swimming and soaking up the sun.

Dams located at Serpentine, North & South Dandalup are a picturesque setting for picnics and bbq's or bushwalking

Scenic Estuary Drive this scenic drive detours from the Old Coast Road, weaving along the foreshore of the Peel inlet. Take the first left turn after crossing Dawesville Cut bridge.

Pinjarra Suspension Bridge
Opened in 1985 and provides the pedestrian link between town and residential areas.
