Mandurah City Centre Traffic Circulation Review

Studies have been undertaken in recent years to investigate various traffic flow improvement options in Mandurah's City Centre. On 19 June 2007, Council resolved to undertake public consultation with relevant stakeholders to obtain input into improving the traffic flow of vehicles in and around the Mandurah City Centre.

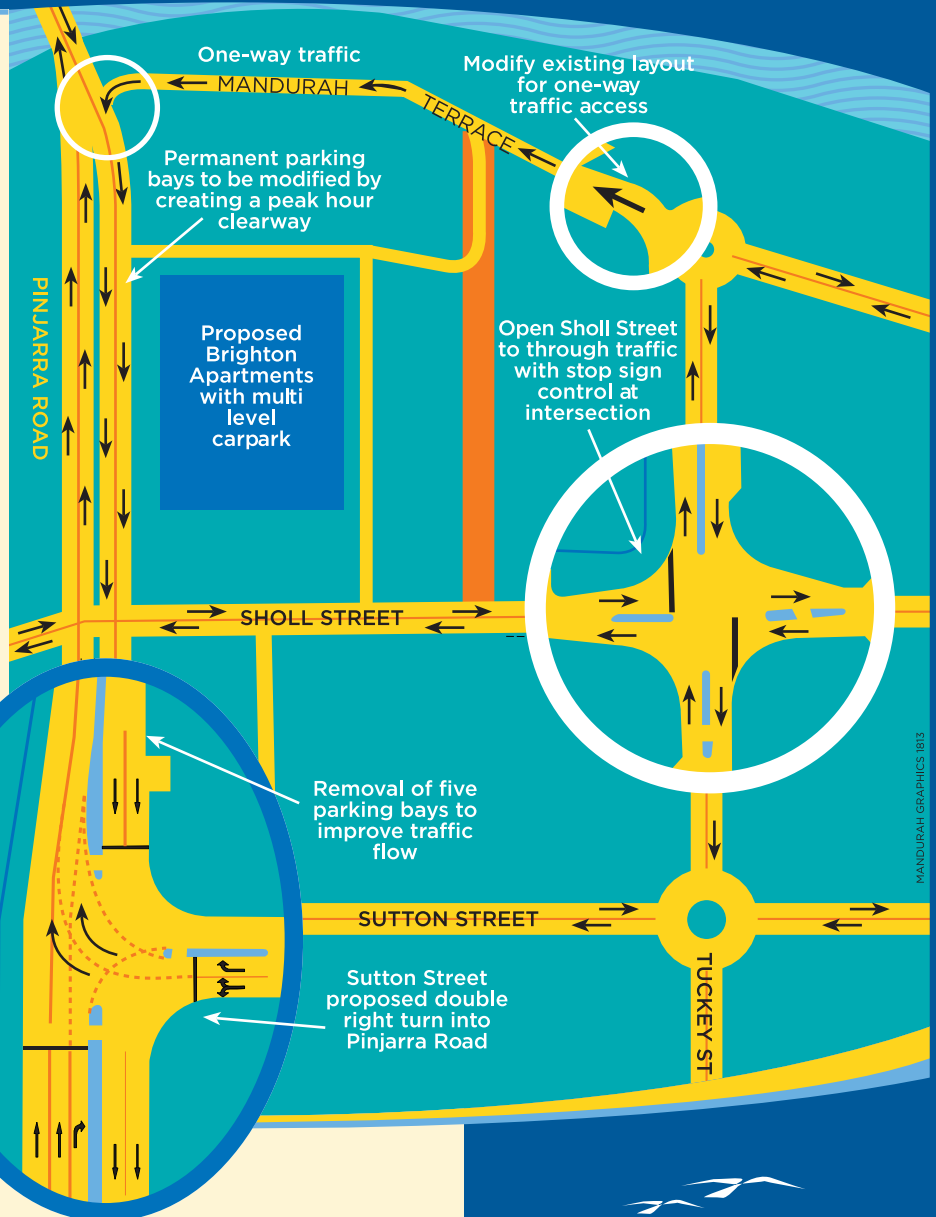

A public information session will be conducted in the Tuckey Room at the Council's Civic Centre, 83 Mandurah Terrace, on Wednesday, 5 September, from 5.30pm to 7.30pm.

Traffic improvement strategies include proposals to reverse traffic flow in Mandurah Terrace between Tuckey Street and Pinjarra Road to prevent through traffic and improve the pedestrian amenity on the foreshore, and to open Sholl Street to through traffic at the Tuckey Street intersection to improve traffic flow within the shopping precinct.

To improve traffic flow along Pinjarra Road and the performance of the major intersections in the City Centre, some parking modifications are also proposed as shown on the adjacent sketch.

A more detailed map on the proposed traffic modifications for Mandurah City Centre can be viewed on the City of Mandurah web site www.mandurah.wa.gov.au, or at:

- Council's Administration Office, 3 Peel Street, Mandurah between 8:15am and 4:30pm.
- Mandurah Library, 331 Pinjarra Road, between 9.00am and 8.00pm Monday to Thursday, 9.00am-6.00pm Fridays and 9.00am-12pm on Saturdays.

Written submissions on the "Proposed Traffic Modifications Mandurah City Centre" should be sent to the Director Works and Services, PO Box 210, Mandurah, WA 6210 or emailed to council@mandurah.wa.gov.au. **The closing date for all submissions is 4.15pm, Friday 14 September 2007.**

All submissions will become public record when the traffic circulation review is referred to Council for consideration. For more information please contact Michelle Lazzari on 9550 3777 or email council@mandurah.wa.gov.au.
