

As a current Councillor for the Coastal Ward, I feel grateful and privileged to have had the opportunity to serve the community for the past four years. During this time, I have represented the City on various committees such as 'Access and Inclusion', 'Audit and Risk', the 'Youth Advisory Group', the 'Bush Fire Advisory Committee' and am leading advocacy efforts to improve the waste management systems in our community. I will remain committed to promoting the Men's Shed, the Wayfairer Group, Peel Chamber of Commerce, and support community mental health awareness initiatives. I will also continue to celebrate our senior citizens, amazing volunteers, and RSL members.

Mandurah's residential community is expanding and will continue to require strategic planning to provide the necessary infrastructure to make it a vibrant and safe place to live, work, and play.

Being a ratepayer, I am keen to maintain low rates so will work toward a responsible council budget and observe good local government governance.

I am a qualified Psychologist and have worked in both government and private business sectors. I also serve the community as a Justice of the Peace (J.P.) so I understand the commitment to be accountable and approachable.

Jenny Green. B.App.Sc; Grad.Dip-Psych. J.P.
