I have proudly served our community as Councillor for the past 12 years and have had the privilege to be Deputy Mayor for the past 6 years.

As a Medical Scientist, my focus is not only infrastructure and economics, but on fostering healthy communities.

Our city prospers when we invest in our youth, provide for our seniors, and support local business. I've worked diligently to enhance our community, from the delivery of the Lakelands sporting complex to elevating our city's profile through the Giants of Mandurah project.

As Chair of the Peel Harvey Catchment Council and a Commissioner of the WA Planning Commission, I understand the complexities of environmental protection and economic development. I am committed to prudent financial management, ensuring we maximise resources while keeping rates as low as possible.

Your opinions matter to me. I promise to continue listening attentively to the needs and aspirations of all residents, making sound, independent decisions that benefit everyone.
