A passionate 'Pawnbroker' by trade, well known through-out the community, for my care of & for the community. .. retired stencil graffiti artist: art without permission is wrong. Walking in my, now retired mother's footsteps, Having grown up as her plus one, to basically everything she did & attended, whilst she served to separate 4 year terms as a councillor for town ward. Now 42 years old, I've watched Mandurah, grow, develop, evolve & thrive - from the ongoing work the council, the executive officer's & everyone involved have created over all these many years. Someone asked me "how am I going to take on the establishment?" my answer is; " I hope to join & work alongside, an amazing established establishment.
