## GRAFFITI VANDALISM

**Policy Objective:**

To minimise graffiti vandalism in the City of Mandurah (the 'City').

**Policy:**

Prompt graffiti removal is seen as best practice in graffiti reduction as it diminishes the level of recognition and reward achieved by vandals and also prevents assets from appearing uncared for.

The City promptly removes graffiti from its assets and private property boundary structures abutting Public Reserves, Public Access Ways and public roads where approved surface treatments have been applied.

The City actively encourages other asset owners to promptly remove graffiti from their property and report acts of graffiti vandalism to the Police.
