G.17/1/19 2018/19 BUDGET OF WORKS: PROPOSED REALLOCATION OF ROAD FUNDING (TD) (REPORT 11)

The 2018/19 works program is substantially underway with a number of projects already completed.

A review of the Works and Services project budget has resulted in an opportunity to implement some amendments that will result in better community outcomes and ensure the City meets its funding obligations.

The funding required to complete the reconstruction of the intersection of Dower Street with Pinjarra Road and Coolibah Avenue is greater than the project allocation proposed in 2019/2020. The intersection needs to be reconstructed in one stage rather than in stages due to the configuration and traffic signal layout. An opportunity exists to reallocate funding from an existing project and enable works to commence in May 2019 and carry through into the beginning of the 2019/2020 financial year. To achieve this, a reallocation of road funding from Gibson Street to Dower Street is requested.

The proposed reallocation of funds is as follows:

. .

Road Construction From: Gibson Street	-\$425,000	Revised project scope completed.
To: Dower Street / Pinjarra Road / Coolibah Avenue	\$750,000	Additional funding will ensure the reconstruction of the signalised intersection is completed as one project.

Council is requested to approve the reallocation of road funding from Gibson Street to the reconstruction of Dower Street/Pinjarra Road/Coolibah Avenue in order to achieve project efficiencies, the opportunity to ensure funding obligations are met and to achieve better community outcomes.

The report recommendation was moved by Councillor Wortley, seconded by Councillor Lee. Elected Members discussed project timing to assist in minimising effects to businesses on the Western side of Dower Street.

MOTION: R Wortley / D Lee

That Council:

- 1. Approves the reallocation of the balance of Gibson Street project funds of \$425,000 to the Dower Street intersection with Pinjarra Road and Coolibah Avenue project.
- 2. Acknowledges that this will allow works to commence in May 2019 and carry through into the 2019/2020 financial year thus enabling the project to be completed in one stage.

G.20/1/19 COUNCILLOR KNIGHT: CAT MANAGEMENT

Via State legislation the City has been responsible for Cat Management for a number of years. As part of our community's drive to protect our natural environment, the issue of cats and their impact on the environment ought to be considered. It is proposed that the working group will focus on immediate actions, which the City could undertake to assist in the improvement of cat management within Mandurah with a focus on protecting our natural environment.

There were positives out of the Fairy Tern Sanctuary project but the impact of a cat on the successful nesting has highlighted a concern that many have about the protection of native species from cats.

This motion is to explore options that will result in real improvements in environmental outcomes for our most threatened fauna.

EIGHT MEMBERS OF THE COMMUNITY.

OPENING OF MEETING [AGENDA ITEM 1]

The Mayor opened the meeting at 7.00pm welcoming electors, City's Auditor, Elected Members and City officers in attendance.

APOLOGIES [AGENDA ITEM 2]

Councillors Jackson, Lee, Lynn Rodgers, Peter Rogers, Matt Rogers, D Schumacher and Tahlia Jones

The Chief Executive Officer was invited to summarise the Annual Report.

PRESENTATION BY CHIEF EXECUTIVE OFFICER [AGENDA ITEM 4]

AE.1/2/19 CHIEF EXECUTIVE OFFICER'S PRESENTATION

The Chief Executive Officer welcomed electors to the 2019 annual meeting to receive an overview of the City's financial position and updates on the City's vision and achievements.

The Chief Executive Officer gave an overview of projects completed and projects currently underway grouped within each of the key focus areas as per the City's Strategic Community Plan.

DISCUSSION OF ANNUAL REPORT [AGENDA ITEM 5]

The Mayor invited electors to raise issues and ask questions.

AE.2/2/19 MR J BOOKER HALLS HEAD: ASSET VALUES

Mr Booker questioned the asset value noted in the annual report for coastal and estuary assets.

The Acting Executive Manager Finance and Governance outlined the fair value accounting process, set rates associated with various assets, identification and measurements. Asset value is for replacement cost as per the set asset base rates. The Director Works and Services advised assets in this category include groynes and waterway walls within the District.

AE.3/2/19 MR R LINGARD MANDURAH OCEAN MARINA: EMPLOYEE COSTS/NUMBERS

Mr Lingard requested clarification regarding annual report figures indicating employee cost increases, number of employee increases and rise in the number of employees earning \$100,000 or more (Page 24 Annual Financial Report).

The Chief Executive Officer explained the City was obligated under its Enterprise Agreement to increase employee wages by 2% in the past year. The meeting was advised there are approximately 20 City officers not covered by the Enterprise Agreement however, wage increases to those persons also rose approximately 2%.

The perceived increase in employee numbers was due partly to the closure and subsequent re-opening of the Mandurah Aquatic and Recreation Centre during redevelopment.

AE.4/2/19 MR R LINGARD MANDURAH OCEAN MARINA: AUDIT PROCESS

Mr Lingard queried the process for selection of the Auditor and use of the Auditor General.

The Chief Executive Officer explained the decision requiring Local Governments to utilise the Auditor General only came into effect last year. Local Governments with current auditing contracts in place were obliged to see those to completion following which the Auditor General's office would be responsible for auditing services. Costs related to the Auditor General's performance of this process was unknown.

The Acting Executive Manager Finance and Governance advised the City still had two years to run on its current auditing contract which was considered a reasonable contract. He further advised that whilst the Auditor General's office takes responsibility for the audit function it would be outsourced with a specific scope of works for individual local governments.

AE.5/2/19 MR R LINGARD MANDURAH OCEAN MARINA: BAD DEBTS AND WRITE-OFFS

Information regarding the recovery of doubtful debts, outstanding rate payments, debtors and a \$500,000 debt write-off was requested by Mr Lingard.

The Chief Executive Officer explained that doubtful debts in relation to rate payments were difficult to obtain however those in relation to commercial leases were easier and more successful.

The Acting Executive Manager Finance and Governance advised that if rates remain unpaid for three years the Local Government can place a "seize and sell" order on the property following Council's approval. This action offers leverage for payment which is often forthcoming. When properties are sold outstanding rates have first priority to be paid from any sale funds. There are currently only four or five properties with significant outstanding rates.

The Acting Executive Manager Finance and Governance further advised the write-off of a \$500,000 debt in the last financial year was related to the provision for outstanding rates on the Royal Australian Air Force Association villages which had been challenged in the Supreme Court. Following the Supreme Court decision the City was required to write-off the provision.

In relation to debtors, the Chief Executive Officer advised the pedestrian bridge budget overrun was not included in that figure. The Acting Executive Manager Finance and Governance advised the Mandurah Bowling Club debt was included in write-offs and that the City was in the process of converting sporting club loan arrangements to leases.

AE.6/2/19 MR R LINGARD MANDURAH OCEAN MARINA: ELECTED MEMBER CONFERENCES

Mr Lingard informed the meeting that results and outcomes of Elected Member conferences were reported in the Annual Report of other Local Governments and could be incorporated by the City of Mandurah. He also queried the increased cost of conferences for the past year.

The Mayor advised Mr Lingard's suggestion would be considered moving forward. The Mayor further advised that professional development for Elected Members was seen as reasonable to ensure the decision makers of Council were across best practice and could make informed decisions.

AE.7/2/19 MR R LINGARD MANDURAH OCEAN MARINA: GOODS AND SERVICES TAX

Mr Lingard requested advice in regard to the Grants commission distribution.

The Chief Executive Officer advised the Grants distribution to States had not altered in many years and was distributed in relation to population, Western Australia has only 10% of the total population and then State distributes the GST received on a needs basis. Therefore because of the size, shape and isolation smaller local governments received a larger amount. Larger Councils are on a minimum grant. A local government in Victoria located one hour from Melbourne would receive three times more funding than Mandurah with the current system of distribution.

AE.8/2/19 MR R LINGARD MANDURAH OCEAN MARINA: RATES COMPARISON

Mr Lingard asked how the City of Mandurah rates charge compares with surrounding local governments.

The Executive Manager Strategy and Business Performance advised there were national programs in place for benchmarking of local government rates and costs however, the cost to participate was approximately \$30,000 - \$40,000. It was hoped the City's purchase of the new computer system would assist in this regard. Two to three service reviews are undertaken each year by the City to ensure best practice which has resulted in savings to the organisation.

The Chief Executive Officer explained that the Valuer General's property valuations were undertaken at different times of the year in different locations and the metropolitan area were never aligned. This creates variances and makes comparisons difficult.

AE.9/2/19 MR R LINGARD MANDURAH OCEAN MARINA: MANDURAH OCEAN MARINA OPERATION

A query in regard to the specified area rate (SAR) for Mandurah Ocean Marina properties and the Marina profitability was raised by Mr Lingard.

It was explained by the Acting Executive Manager Finance and Governance that the SARs were designed to reflect additional costs for maintenance and services in specified areas. This income was included in general revenue.

The Chief Executive Officer outlined income sources for the marina operations along with contractual payments required to be paid to the state government for sand bypassing. The Director Works and Services advised of the reduction of commercial leases, particularly in regard to crayfishing, which had impacted marina income.

The Chief Executive Officer suggested a meeting between himself, Mr Lingard and the Director Works and Services could be held to discuss the marina operations.

DISCUSSION OF GENERAL BUSINESS [AGENDA ITEM 6]

The Mayor invited electors to raise issues and ask questions.

AE.10/2/19 MR D OSWALD MANDURAH: WATERWAY DREDGING AND SAND BYPASSING

Mr Oswald asked why there is not a regular yearly dredging program and if the dredged sand from Fairbridge Bank could utilised elsewhere.

The Director Works and Services advised there is only one dredger in Western Australia which made it difficult to undertake yearly dredging and to plan a program for dredging. The City cannot afford a dredge as different tools are required for different locations/conditions and is looking at utilising tools available from other companies. A paper is also being put together to Federal and State agencies in support of dredging. The Director noted that in relation to Fairbridge Bank the site is considered part of a private estate by the State which impacts ability to dredge the site.

AE.11/2/19 MS K ANDREWS HALLS HEAD: SAND BYPASSING

Ms Andrews asked whether permanent sand bypassing had been considered.

The Director Works and Services confirmed it had been considered however the City Centre project was one of Council's priorities of the budget and it was therefore difficult to include permanent sand bypassing at this stage. The Mayor advised that Council was aware of the issue and was looking at options.

AE.12/2/19 MRS G LINGARD MANDURAH OCEAN MARINA: RESIDENT PARKING PERMITS

Mrs Lingard requested to know if resident parking permits could be returned for Mandurah Ocean Marina residents.

The Director Sustainable Development advised he would speak with Mrs Lingard following the meeting on this item.

AE.13/2/19 MRS G LINGARD MANDURAH OCEAN MARINA: JUMPING FROM BOARDWALK STRUCTURES

Mrs Lingard advised of persons jumping from the boardwalk structures and asked if Perspex panels would assist in stopping this behaviour.

The Mayor confirmed this was a challenge to all and that human behaviour could not always be controlled. He advised that infrastructure changes would not likely occur as no matter what was built, people will attempt to jump into the water. Ranger Services presence would be continued to deter these actions and the City would continue its ongoing monitoring.

AE.14/2/19 MR R LINGARD MANDURAH OCEAN MARINA: STREET LIGHT OUTAGES

Mr Lingard advised there was an issue with light pole number 1067 and that approximately 18 street lights in the Mandurah Ocean Marina did not work. Clarification as to the process / procedure for reporting these faults was requested.

MINUTES OF ANNUAL ELECTORS' MEETING: Monday, 4 February 2019

PAGE 6

The Director Works and Services advised that the City's street lights were identified by a bronze plaque attached to the pole which distinguished them from Western Power street lights. The three monthly procedure undertaken by the lighting contractor to ensure all City street lights were operational and to ensure street lights operated by Western Power were also operational was outlined. The Director Works and Services advised he would follow-up on this item.

CLOSE OF MEETING [AGENDA ITEM 7]

The Budget Review provides a mid-year forecast of Council's financial performance for the current financial year. This review of business unit operating expenditure, revenues and capital works has resulted in an improved end of year financial position.

The draft ACP was adopted for the purposes of advertising at the Council meeting of 27 March 2018, and the plan was subsequently publically advertised for a period of 28 days. During the submission period 19 submissions were received.

CC.6/2/19 CITY CENTRE WATERFRONT CONCEPT PLANS (RB) (REPORT 4)

Concept plans were prepared for four City Centre Waterfront priority areas:

- Western Foreshore Recreation Precinct
- Eastern Foreshore South Precinct
- Eastern Foreshore North Precinct
- Smart Street Mall

The draft concepts proposals for these areas were presented to Council in October 2018. Council at its meeting of 23 October 2018 resolved to adopt the Waterfront (Eastern and Western Foreshore) Concept Plans for advertising and adopt advertising three options for the Upgrade of Smart Street.

Based on the support received for the Waterfront proposals, Council is requested to endorse the Concept plans prepared for:

- Western Foreshore Recreation Precinct LAN360-CO-01/A & LAN358-CO-02/A (dated September 2018).
- Eastern Foreshore South Precinct LAND358-CO-01/A & LAN358-CO-01/A(dated August 2018)
- Eastern Foreshore North Precinct LAN360-CO-01/A (dated September 2018)

The concept plans will inform the progression of the project into detail design and construction.

The three options presented for the Smart Street upgrade has continued the debate of vehicle versus pedestrian movements for Smart Street which has been ongoing for some time. It is proposed that Smart Street be subject to further design work, with the intent of presenting to Council in March.

Council is requested to contribute capital funding to contribute to the implementation of the Waterfront Proposals in addition to the State Government commitment of \$10M (through the Royalties for Regions program).

The Manager Planning and Land Services gave a visual presentation pertaining to community consultation undertaken to date on this project. Online surveys undertaken show a high level of support for the proposed plans. Feedback has been very positive for the Western Foreshore area to be youth orientated with the inclusion of basketball and parkour facilities. Further work will be required in relation to the commercial zone and possibly further public ablutions. The meeting was advised that further consultation and planning would be required in relation to Smart Street Mall.

Elected Members discussed parking strategies, relationship with previous plans, economic development and size of the proposed pool enclosure. The Director Works and Services took on notice a request for information on the eastern Foreshore lighting upgrades.

RESOLVED TO RECOMMEND: R Williams / R Wortley

That Council:

- 1. Adopts the following Concept Plans for the Mandurah City Centre Waterfront Precincts as the basis of proceeding with detail design and construction documentation:

- 2. Notes the inclusion of \$400,000 in budget review process in order to be able to engage consultants and progress with investigation, planning, design and approvals required to be able to commence on ground delivery of the project when the Royalties for Regions funding is made available commencing next financial year (2019-2020).

CC.7/2/19 AMENDMENT 137 TO TOWN PLANNING SCHEME NO 3 – GUIDE PLAN (AH) (REPORT 5)

In July 2017, Council initiated Amendment No. 137 to Town Planning Scheme No. 3 for the purposes of rezoning Lot 21 Southern Estuary Road and Part Lot 7 Dunkeld Drive, Herron from 'Rural' to 'Rural Residential', following an s76 order from the Minister for Planning. In accordance with the requirements of the Planning and Development Act 2015, the amendment was then forwarded to the Environmental Protection Authority for assessment.

In April 2018, the City received a Notice of Intent from the EPA advising that the EPA is inclined to determine that Amendment No. 137 is, by its nature, incapable of being made environmentally acceptable. This is due to the potential impact of the proposal on remnant vegetation, fauna and the nearby Lake Clifton and Estuary. In order to address the concerns raised by the EPA, the applicants have submitted a revised subdivision guide plan which proposes a 16 lot cluster style subdivision and the creation of a 52ha conservation parcel to be ceded free of cost.

In order for the amendment to proceed, and enable the EPA's assessment of the revised subdivision guide plan, Council's in principle support for the revised subdivision guide plan is required.

Report Recommendation

That Council supports 'in principle' the revised subdivision guide plan for the purposes of forwarding the plan to the Environmental Protection Authority for assessment in response to its Notice of Intent dated 17 April 2018 in regard to Amendment 135 to Town Planning Scheme No 3.

Deputy Mayor Councillor Knight moved an alternate recommendation that was seconded by Hon Councillor Riebeling. The Deputy Mayor advised the alternate recommendation added clarity, highlighting points that need to be addressed when considering approval.

RESOLVED TO RECOMMEND: C Knight / F Riebeling

That:

- 1. Council Supports the revised 'Subdivision Concept B' for Lots 21 and 100 Southern Estuary Road <u>being submitted</u> to the Environmental Protection Authority as the applicant's response to the EPA's Notice of Intent dated 17 April 2018 in regard to Amendment 137 to Town Planning Scheme No 3.
- 2. Notwithstanding the above recommendation, Council advises the applicants that there are reservations regarding the revised 'Subdivision Concept B' due to:
 - the potential impacts on significant vegetation;
 - the potential impacts on threatened species;
 - the ongoing management of the resultant conservation parcel;
 - the hydrological impacts on Lake Clifton;
 - the ability to meet the requirements of State Planning Policy 3.7 -Planning in Bushfire Prone Areas and associated Guidelines; and
 - The creation of 16 lots in lieu of the maximum 11 permitted under Council's Local Planning Strategy and Southern Mandurah Rural Structure Plan.

CC.10/2/19 NAIRNS FORESHORE: MOORING OF HOUSEBOAT

The City of Mandurah has care, control and management of the public foreshore area, boat ramp and part of the Serpentine River riverbed in Nairn Road/Bertram Street, Coodanup. The foreshore is owned in fee simple by the Shire of Murray however, it is leased to the City of Mandurah.

In a past life, the Department of Water constructed jetty infrastructure to moor weed harvesters as part of their commitment to manage the health of the Peel waterway.

In 2018, the Department of Water and Environmental Regulation (DWER) demolished and removed the jetty infrastructure due to its dilapidated state and no requirement to moor any of its watercraft.

Prior to the jetty removal, a number of houseboats took the opportunity to utilise the facility. The houseboat owners were requested to relocate elsewhere. All but one obliged and returned to this location and moored the vessel adjacent to the public open space.

Council is requested to consider a recommendation to require the houseboat owner to relocate elsewhere, where there is appropriate supporting infrastructure to which a houseboat can be moored.

Honourable Councillor Riebeling moved the report recommendation which was seconded by Councillor Tahlia Jones. Discussion ensued as to authority for waterway and seabed care and control along with the possibility of future jetties/moorings being located at the site. The Director of Works and Services provided an overview of State and Local Government areas of responsibility along with clarifying that there were no jetties or moorings planned for the area.

RESOLVED TO RECOMMEND: F Riebeling / Tahlia Jones

That Council:

- 1. Requires Mr G Corp (owner of the moored houseboat) to remove all mooring ropes, mooring piles, gangplanks and any other means of attaching his houseboat to the land or riverbed.
- 2. Requires the vessel to vacate any part of Lot 400 Beacham Street, Coodanup.

Economic Development expenditure is tracking on budget with slight underspend forecast.

City Events

The City Events team are currently tracking on budget. In January the Christmas Pageant and New Year's Eve events were delivered by the events team. The Christmas pageant is expected to go over budget by \$4,500, however the overall events budget is not expected to be overspent.

Environmental Services

Environmental Services are tracking within budget parameters. The current underspend is due to projects still in planning phase.

Recreation Centres

The MARC is operating within the current budget. Overall the operating expenditure is slightly under expected levels with no individual business area currently exhibiting any material variance issues. Operating revenue is tracking on budget.

The Halls Head Recreation Centres operating expenditure is tracking on budget.

Libraries

The Libraries and Learning operating expenditure is currently tracking within budget parameters. The labour expenditure for Mandurah and Lakelands library are overspent by 9% and 39% respectively:

- The Lakelands Library salary budget variance report was explained in a prior report and will be adjusted at budget review
- Mandurah Library operating labour variance continues to improve with January showing an over spend over 9%.

Works and Services

City Build

The City Build team is currently operating under budget by \$92,000. Given the size of the budget this is not significant.

City Works

The City Works team is currently operating under budget by \$139,000. Given the size of the budget this is not significant.

City Parks

The City Parks team is currently operating under budget by \$785,000. The underspend for City Parks appears to be mainly attributable to seasonal phasing with higher monthly expenditure expected in the fourth quarter of the financial year. This will be monitored closely through the next quarter. Amendments to budget seasonality are difficult with the existing financial system but is an issue which will be addressed during the next budget cycle. As a comparison, in 2017/18 the January variance was \$754,000 yet the end of year variance was only \$94,000.

City Works Revenue

City Works revenue is on budget for January.

City Build Revenue

City Build are over budget by \$182,000 for the month of January. This is due to a timing difference with lease revenue been charged quarterly, and an increase in facility usage revenue.

MARC revenue

This is \$180,000 under budget for the year-to-date. Although this is not a significant variance, it represents a substantial movement against the prior month which was approximately over budget by \$80,000 for the year to December 2018. Although it is known that attendances were some 11,000 less than expected, this does not fully explain this movement. The issue is being investigated.

Waste Management

The Waste Management operating expenditure is under budget by \$640,000. The verge collection is underspent buy 456,000. This is resolve itself as the verge collection services increase throughout the latter half of 2018/19.

Building Services

Building Services revenue is forecast to be slightly under budget for 2018/19. Building application are expected to be \$100,000 lower than expected, however this is been offset by an \$30,000 increase in R-Code variation applications.

Rates Revenue

Interim rates revenue is currently \$993,000 higher than total budget for the year. The forecast for the rates revenue has been increased by only \$775,000. The forecast is lower than current revenue levels due to the need to allow for the possibility of an objection to the valuation of the interim rates.

CITY OF MANDURAH

NOTICE OF MOTION

COUNCIL MEETING OF TUESDAY 26 FEBRUARY 2019 HON COUNCILLOR FRED RIEBELING

Enforcement of the City's Fire Compliance Notice

I hereby give notice that I intend to move the following Motion at the Council meeting of Tuesday 26 February 2019:

That Council requests officers to present a report regarding the enforcement of the City's Annual Fire Compliance Notice under the Bushfires Act 1954 that provides information on:

- 1. The rates of compliance by the City's residents over the last three years including details of the enforcement action taken by the City under the Bushfires Act 1954.
- 2. How many fire infringement notices resulted in court action in the last three years.
- 3. The current measures undertaken to advise residents of the requirements of the Fire Compliance Notice.
- 4. Recommendations about how greater opportunity could be provided to residents to meet Bushfire Act 1954 requirements voluntarily before enforcement action is necessary.

Reason for the Motion:

The reason for this Motion is a number of ratepayers have contacted me concerned about the harshness of the City's application of its Fire Compliance Notice. A report on the matter would allow Council to consider whether the current approach is appropriate and explore opportunities to achieve voluntary resident compliance with reduced need for enforcement action.

Councillor Fred Riebeling Coastal Ward

30 January 2019
