Since opening in 1990 the City of Mandurah’s Senior Citizens’ Centre has provided a cultural focus for people over 55 in the Peel region.

Now known as the Mandurah Seniors & Community Centre, we aim to contribute to the building of a community which allows all people, regardless of their age, to connect with likeminded people and realise their potential.

With modern premises, along with a hearing loop and disability access lift in the main hall, the centre encourages the physical, social and mental well-being of all who visit our centre, while providing them with adequate protection, security and care when they require assistance.

We strive to be a major meeting place and offer programs that aim to stimulate, motivate and educate our members.

Visitors and non-members are invited to visit any time.

New Members Always Welcome

Annual membership of the centre is available to people aged 55+ with the membership year commencing on October 1 each year. Membership to the centre entitles members to utilise all centre services and activities.
