Remarkable

Stories of Australians and their boats
4 May-31 May

With over 1,000 rivers and a coast that stretches for more than 36,000 kilometres, it is no surprise that Australia abounds with stories of people who have lived and worked on the water. This exhibition presents some of those stories, exploring the remarkable connections between people and their boats

Created by the Australian Maritime Museums Council (AMMC) and the Australian National Maritime Museum.

School Excursions
