ROGERS, Peter

Mandurah is undergoing positive change, but there's more to be done to address crime, grow our economy and protect our environment.

As Councillor, I've taken an independent, common sense and community minded approach to my duties. I have a legal and governance career, volunteer on several local boards and lived here all my life.

I've focused on our economy, creating jobs, reducing unemployment and assisting small businesses.

Delivered the new Mandurah Bridge, Forum, Mandjar Square, Aquatic Centre and Foreshore Seawall. Added vibrancy to our developing city centre through activation, food truck festivals and winter ice rink.

Achieved better budgets. Cutting wasteful spending without sacrificing services. Rate increases kept to their lowest in decades, keeping money in your pocket!

I promise to address city centre parking, tackle antisocial behaviour, and redevelop Smart Street Mall. I remain committed to better healthcare, improving youth opportunities, stronger traffic management, strengthening tourism and addressing homelessness.
