**Re: Special Electors’ Meeting – 8 March 2022**

‘COVID-19 Vaccination Pro-Choice Statement’

**Motion # 1**

Moved by \_\_\_\_\_ Seconded by \_\_\_\_\_

The motion to be considered, forms the first part of a advocacy position statement called the ‘COVID-19 Vaccination Pro-Choice Statement’. We request that the Council adopt this position statement and actively advocate to the State Government to remove the vaccination mandate policy.

The first part of the position statement, to be voted on in this motion, is a list of basic principles and rights that we believe are fundamental and are currently being violated by the State Government.

We believe that the Local Government should advocate to the State Government in support of these fundamental and basic principles.

No person should be:

- (a) prevented from performing work and unable to pay their mortgages or providing for their family. Neither should business be being prevented from receiving income by being required to deny service to members of the community.
- (b) Across the State people are being discriminated and segregated based on their vaccination status. This has caused significant mental health effects and even suicide attempts.
- (c) Many people are being forced to do what they do not want to do, to become vaccinated, to work and participate in the society. This is coercion. No one should be manipulated into the need to undergo a medical treatment to work or participate.
- (d) This is a deprivation of basic benefits and protections of employment through statute.
- (e) The health direction restrict access to premises, such as worksites or cafes, which is a violation of a person’s right to the freedom of movement.
- (f) The consequence of this is that people are being restricted from participating in their community and meeting with friends.
- (g) The right to privacy is being invaded and required to provide evidence of person’s medical details.
- (h) There should be equality before the laws, but currently the un-vaccinated are being subject to laws and penalties that others are not subject. This is clear discrimination and segregation.

**Glossary of Terms and Definitions.**

**Access means** to enter or remain at a premises.

**Approved COVID-19 vaccine means:**

- a. any vaccine that has been approved by the Therapeutic Goods Administration (TGA) for use in Australia for the purpose of vaccinating persons against COVID-19 or any mutations and derivatives thereof; and/or,
- b. any other vaccine specified by the Chief Health Officer, or any other person authorised by the Chief Health Officer for that purpose, as an approved COVID-19 vaccine.

**Premises** has the same meaning that it has in the Public Health Act 2016 (WA).

**Vaccine** does not mean the medical terminology as defined in medical journals but is the generic term in the context of COVID-19 as referred to by the Therapeutic Goods Administration and the Chief Health Officer and Government Officials, and publications and statements made and issued under their auspices.

**Vaccination status** means whether a person is not vaccinated or has been vaccinated.

**Not vaccinated** means that the person has not been administered with any dose of an approved COVID-19 vaccine.

**Vaccinated** means that the person has been administered with any prescribed doses of an approved COVID-19 vaccine

**Motion # 2**

Moved by \_\_\_\_\_ Seconded by \_\_\_\_\_

The motion to be considered, forms the second part of a advocacy position statement called the 'COVID-19 Vaccination Pro-Choice Statement'. We request that the Council adopt this position statement and actively advocate to the State Government to remove the vaccination mandate policy.

That the Local Government shall:

- a) not restrict any function, property, or service of the Local Government based on vaccination status; and,
- b) as far as practicable redeploy or reinstate employees of the Local Government, that risk termination or have been terminated on the basis of vaccination status;
- c) honour all obligations under contract for all persons adversely impacted as a consequence of inferred mandatory requirement for vaccination; and,
- d) establish means to compensate Local Government employees that have lost income as a consequence of termination on the basis of vaccination status.
