

Welcome!

We're excited to welcome you to the 2025 Jobs and Careers Expo - a vibrant event designed to connect students, job seekers, and career changers with a wide range of opportunities. With employers, training providers, and industry experts all under one roof, today is your chance to explore pathways, ask questions, and gain valuable insights into your future.

Make the most of your time here by attending the workshops, networking with stallholders, and discovering what's possible across a variety of industries. Whether you're just starting out or looking for a new direction, we hope this Expo inspires and empowers you to take your next step with confidence.

Managing Fear and Anxiety
Workskil

11.00am – 11.30am

Nail Your Interview: Essential
Preparation Technique
Jobs and Skills Centre

One on One Sessions

An accredited Exercise Physiologist will be running one on one sessions to review people's capacity limit to give them a guide on what their abilities or limitations might be when looking at commencing back into the workforce.

Please visit Matchworks/GenU Training (Table 3) in the Events Foyer to book in your session.

Chill Out Zone

We understand that some people may feel overwhelmed by the noise and the number of people who will be attending the Expo, so we will have a Chill Out Zone where you can retreat to for some downtime away from the crowd.

Look for the sign and beanbags in the Events Foyer!

Stallholder Activities

To create a vibrant and engaging atmosphere, stallholders will be offering a wide range of interactive activities designed to attract and inspire attendees.

Visitors can enjoy hands-on experiences such as Virtual Reality simulations (visit Australian Defence Force, Australian Submarine Agency and LPD Surveys), career quizzes, raffles, spin-the-wheel games, and live demonstrations including CPR and blood pressure checks.

Creative stations like the Live Art Wall, Goal Wall, and baby care role-play will encourage reflection and participation.

Attendees can also take part in resume reviews, guessing games, and interactive displays showcasing career pathways in hospitality, aged care, disability support, and more.

These activities aim to spark curiosity, provide valuable insights, and make the Expo experience both informative and fun.
