Some Mandurah Arts Festival events will have visual stories, which can be downloaded from the website. A visual story is a planning tool that combines photo and clear text to help people understand what will happen at an event.

Communication Boards

A communication board is a visual tool used by people who have difficulty with verbal communication. It contains symbols, pictures, or words that people can point to in order to convey their messages.

You can download communication boards for Mandurah Performing Arts Centre, and for general City of Mandurah events, below.
